Grades and Standards for Student Achievement

Grading System: Students are evaluated on a regular basis on theory and practical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. Evaluation forms are issued to the Cosmetology students at 25%, 50%, 75% and 90% of the course hours scheduled to complete. All other courses consisting of 600 hours or less students are issued evaluation forms at 45% and 90% of the course hours scheduled to complete. This evaluation form reflects the overall Attendance and Academic progress of the student. Students must maintain a "C" (70%) average to maintain satisfactory academic status. The system detailed below is the system utilized in the school.

Academic Grading Point Grades for Practical Work 100% - 95% A...Superior

Performance (GPA 4) 4 POINTS = A

94% - 85% B...Above Average (GPA 3) 3 POINTS = B

84% - 75% C.....Average (GPA 2) 2 POINTS = C

74% - 65% D.....Unsatisfactory (GPA 1) 1 POINTS = D

64% - 00 % F....Fail (GPA 0) 0 POINTS = F

Grades for Practical Work

A - EXCELLENT, No Errors (All steps followed correctly).

B - 1 to 2 Procedures incorrect, student is making GOOD satisfactory progress. C

- 3 Procedures incorrect (SATISFACTORY progress).

D - 4 Procedures incorrect (RETURN Student to manikin head for developing of skills). F - All

Procedures were done incorrectly (REMOVE student from clinic floor to freshman class).

Student Clock Hour Policy: The Bureau of Barbering and Cosmetology recognizes clock hours that are determined by time-clock punched hours of attendance. As a result of this requirement this school can

only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class day and lunch period. Students are given up to seven (7) minutes to clock in and receive credit for the quarter ($\frac{1}{4}$) hour. This seven minute period applies to the start of the class day. A thirty (30) minute lunch break is taken when a student attends a minimum of a 6 hour class day or more. If you are attending less than a 6 hour class day and desire to take a lunch break (30 minutes), then the half hour must be deducted from your daily total and you must clock in/out on your time card for the lunch break. Once theory classes have been started no one will be allowed to enter the theory classroom.

At the completion of the day, your time card is prepared from the current weekly time card. The daily hours and operations earned are added to the totals in the prior column and final totals transferred to the cumulative column. These cumulative figures are then entered in the prior column on the weekly time

7

card. The time card must be signed by the student and the instructor's daily. Instructors may not sign a student in or out and if a student does not clock in or out at lunch 30 minutes for lunch will be deducted.

Time cards reflect the student's daily record of hours and operations. It is important that all of your hours and operations are recorded properly and accurately. School administrative personnel must be able to read your time card so that the hours and operations are transferred correctly to the roster. The time cards are the property of the school and must remain in the school at all times. Time cards must be retained/stored in their entirety for 5 years by the school.

After clocking in students are required to maintain applied effort, personnel grooming, leaving the building, and reading material not related to your training or activity not related to your training is not tolerated. If any of these infractions occur students will be asked to stop such activity, or to punch out for the remainder of the day. Continued activities of this nature could result in termination.

Time Card Credit: The following is a guideline for the instructor to issue credits. • Each Theory must be initialed in the proper category. If that category is complete, the instructor may issue credit in a comparative category.

- The portion of the time card reflecting hours are in Theory hours earned and any classes the instructor has demonstrated.
- The portions of the time card concerning operations are to be applied efforts of the students as they manually perform practical subject.

STANDARDS OF SATISFACTORY PROGRESS

This Institution expects all of the students to maintain Satisfactory Academic Progress (SAP). The institution requires all students attending must be making satisfactory progress as determined in our guidelines.

The student must:

- Maintain a cumulative academic average of "C" (70%) or better at the end of the evaluation period.
- Maintain a cumulative average attendance level of at least two-thirds ($\frac{2}{3}$), (67%) of the scheduled hours indicated on their enrollment contract at the end of the evaluation period.
- Complete the course within a maximum time frame of one and one-half ($1 \frac{1}{2}$) time the length of the course as stated in the enrollment agreement. For example, if the student has contracted to

complete the course 44 weeks (including grace time for absences, two weeks) he or she must complete within 66 weeks

- Students meeting the minimum requirements at any evaluation point will be considered to be making satisfactory progress until the next scheduled evaluation.
- The following factors will be measured to determine Academic Progress:
 - Theory test grades and practical work (including mannequin and patron work).

REQUIRED PRACTICAL OPERATIONS

Policy and Regulatory Agencies require student to complete an established number of practical operations for satisfactory skills development and graduation. Operations may be completed on mannequins, models or clients. The requirements listed are minimum operations that each student must successfully complete prior to graduation. Additional operations may be scheduled by the instructor, based on training needs and clientele volume. Practical assignments are evaluated as completed and counted toward course completion only when rated at satisfactory or better. The instructor will indicate the grade, the month and year it was

8

completed, and the instructor initials in the applicable category. This criterion shall be explained to the students and used uniformly when giving practical grades.

Learning Expectations

Students must attend scheduled theory class, lectures, and demonstrations, read assigned chapters of text books, answer theory and practical workbook, prepare written procedures on practical operations, and perform practical operations on a patron and/or a mannequin.

Online Instruction

This institution's policy on attendance is based on the premise that regular communication between the teacher and the student and, also, among students themselves, has significant value in the learning process. To assure this timely communication, your instructor will respond to each of your assignment submissions or exam submissions within 10 days. To further assure this timely communication, you must respond to each of your instructor's inquiries within 10 days as well.

If the student has not completed the coursework and earned a grade at the end of the course, the instructor may issue one of the following grades.

I Incomplete If the course has not been completed, the instructor may grant an I on a two-month extension of the term, at no additional tuition cost, when the student is making satisfactory progress and the instructor believes that an extension of time will permit satisfactory completion. At the end of this period, a final grade must be recorded.

W Withdraw The student may withdraw from any course before the end of the term. At the end of the term, the instructor may withdraw the student from the course and issue a W when the instructor believes the student's progress is insufficient to warrant an extension. A student who withdraws or is administratively withdrawn must retake the course and is responsible for a new tuition payment for that course of study.

Attendance Policy

The course of student training and total number of hours are established by the State of California. Students are required to attend 100% of the scheduled sessions throughout the entire program. When a student falls below 100% attendance they will be placed on probation for the remainder of the program. The student must complete the course within a maximum time frame of one and one-half (1 ½) times the

length of the course as stated in the enrollment agreement. For example, if the student has contracted to complete the course within 44 weeks, he or she must complete within 66 weeks. The student will be notified of their probation status and they will be required to meet with the Chief Academic Officer.

- Each student is required to attend school daily, Monday through Saturday, during the course term and during the hours stated in the student's Enrollment Agreement with no exceptions unless otherwise permitted in writing by the Administration Office, or with written excused absence.
- Student, under special circumstances, may arrange a revised school attendance schedule with approval from the Admissions Office or Chief Academic Officer and amend the Enrollment Agreement to show the days and hours of attendance.
- Each student, when entering or leaving the school, must check in or out on their own time card and must also check in and out for breaks and lunch periods.
 - Full-time students are permitted a thirty (30) minute lunch period and one (15) fifteen minute break Monday through Saturday. Part-time students are permitted one twenty (20) minute break each day. Students desiring to leave the school premises at any time during the agreed training hours, excluding lunch and breaks, must first obtain approval from an instructor before departing.

Makeup hours: upon signing your enrollment agreement, your tuition covers all fees up to your anticipated graduation date. Students may make-up any missed hours at the discretion of their instructor

9

as long as there is space in the classroom. However, after the scheduled completion date for your program, the school will continue to train students toward completion for an additional 20 hours at no additional cost. Once the student has exhausted the additional 20 hours of training, each additional hour will cost extra. (see fee schedule). Sick days, personal religious holidays, etc., are subjected to this charge. Approved documented medical emergencies, court days, pre-arranged days off, or funerals are not subject to this charge.

ABSENCES

All absences cannot be made up and might jeopardize the student's ability to complete the course during the term stated in the Enrollment Agreement. According to the State Barber/Cosmetology Board, the Cosmetology program requires that minimum hours be completed before a student is eligible for graduation. (Cosmetology 1,000 hours, Esthetician 600 hours, Manicurist 400 hours)

Absences may be excused with prior approval of the Admissions Office. Absence for good cause may include, but are not limited to, death in immediate family, illness, or absences previously cleared with the Administration Office. Absence for an extended period of time because of illness will require a written statement from an attending physician before the student will be re-admitted to the school.

Satisfactory attendance must be maintained. Absences of three (3) consecutive or four (4) non consecutive days per month are considered excessive.

In the event that a student has five (5) consecutive unexcused absences from school and has not notified the school and received permission to be absent, student may be automatically terminated and the termination date will be the last day of actual attendance.

TARDINESS

Students will be deemed tardy if their arrival at the school as indicated on the student's time card exceeds, one (.01) minute after their regularly scheduled time for attendance, e.g. starting time, breaks and lunch period. Students will be docked fifteen (15) minutes from their time if exceeds one (0.1) minute, if exceeds twenty one (.21) minutes half (.5) hour will be docked, etc. Early departures without permission will be

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans. To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.
